

Attempt the Extraordinary

COVID Update | Parents | 12 Feb

Dear Parents and Guardians

Following the Premier's announcement this morning, our school will be returning to pre-lockdown Stage 4 guidelines as of Monday!

This means that:

1. Masks will no longer have to be worn.
2. We will go ahead with our Parent Information Evenings - we ask that one parent per family attends each meeting.
3. Assemblies will go ahead as planned.
4. Please continue to practise physical distancing where possible, maintain good personal hygiene at all times and get tested when unwell.
5. It is not mandatory for us to keep a contact register for our parents; however, we will keep the SafeWA app up on gates, fences, offices and classrooms for you to use.

We will continue our extended cleaning regimen, as recommended by the guidelines.

Please note that the oval will no longer be available for Primary overflow parking from Monday onwards.

We would like to extend our sincere thanks to all our families for making our job easier by following the restrictions this week. It has been a community effort and a wonderful partnership as we have all supported each other in what has at times been quite challenging. It has certainly given us a new appreciation for the wonderful freedoms we have enjoyed up until recently and will continue to enjoy next week.

May you have a fantastic weekend!

Kind regards

Ms Kellie Cockram & Mr Brenden Gifford
